

Chester 260DM Bandsaw

The Chester 260DM Bandsaw is a rigid saw used for cutting all metals in general fabrication and metal cutting workshops.

It is built with a bow that swivels 45° in either direction for mitre cutting, thereby saving the operator setup time when cutting long material. This machine is fitted with a coolant system, quick action vice, and auto shut off.

CUTTING CAPACITIES (mm)

	90°	45°	60°	-45°
Circle	260	260	155	260
Square	260x260	260x260	125x125	260x260
Rectangle	260x430	300x200	155x125	260x215

- Adjustable Hydraulic Down Feed of Bow
- Coolant System
- Quick Action Vice
- Bow Swivels Left and Right 45° for Mitre Cutting
- Material Length Stop
- High Power Motor
