

Chester SA-650DC Bandsaw

The Chester SA-650DC Semi Auto Bandsaw is built with two conjoined linear columns which provide stability and accurate cutting. This saw is fitted with electronic variable blade speed and blade tension gauge which allows the user to set the correct cutting speed. This machine is fitted with auto shut off, auto raising of bow, hydraulic vice and powered rollers for moving the workpiece. Capacity of this machine is 26 1/2" with solid or hollow square or round bar.
