

COMPACT HYDRAULIC SHEAR WITH BACK GAUGE

Features:

- Hydraulic drive for smooth and consistent cutting performance
- All-welded steel plate construction throughout for structural strength and rigidity
- Adjustable back gauge with graduated scale for accurate, repeatable cuts across the full range
- Available in two cutting capacities to suit a range of sheet metal applications

Model	CHS-2X1320	CHS-1.6X2500
Max. Shearing Thickness (Mild Steel)	2mm	1.6mm
Max. Shearing Length	1320mm	2500mm
Work Table Height	880mm	880mm
Motor Power	2.2kW (2.95hp)	2.2kW (2.95hp)
Back Gauge	800mm	800mm
Dimensions	1900 x 1800 x 1200mm	3000 x 1800 x 1200mm
Net Weight	550kg	1140kg
